GCSE results 2025

We have been celebrating the significant achievements of our Y11 students as they received their GCSE results. Results Day on Thursday 21 August was a day full of pride, joy and well-deserved recognition for the hard work, determination and resilience our students have shown throughout their time at Acland Burghley.

Our students, their families, and the entire Acland Burghley community should feel immensely proud. Over the past five years, starting in the tail end of the pandemic, our students have faced significant challenges with maturity, perseverance and a strong sense of purpose. On Results Day they were rightly rewarded for their efforts.

We are delighted to share that 33.5% of all GCSE grades awarded this year were at grades 9–7, the best ever performance at this level. This outstanding achievement reflects the high aspirations and academic excellence that continue to grow across the school.

We would particularly like to celebrate some exceptional individual successes

At Acland Burghley, we are committed to supporting **every learner**, regardless of their starting point, to make real progress and achieve their full potential. We are especially proud that so many students have reached such high standards across a broad curriculum – including in subjects such as drama, psychology, and the EBacc, where students achieved some of our strongest ever results.

Congratulations, Y11, you have done yourselves and your school proud. We wish you all the very best in your next endeavours.

“ Very happy. I love Acland Burghley. I recommend the school to everyone I know. It's the best. All the teachers have been very supportive. I chose LaSWAP because of the choice of courses and because LaSWAP offers Latin. The consortium is like a big version of Acland Burghley – which I love. ”
